DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 1-14 directed to the non-elected groups without traverse. Accordingly, claims 1-14 have been cancelled.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 1-14.

Examiner's Statement Of Reasons For Allowance

Applicant's amendment and arguments filed on 26 July 2006 have been fully considered. Claims 15-18 are therefore allowed with the additional limitations included.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or reasonably suggest all of the limitations as claimed in the independent claims, but more specifically does not teach a first optical fiber

Art Unit: 2874

having a non-linear constant γ larger than the second optical fiber where the non-linear constant $\gamma = (2\pi n_2)/(\lambda A_{\text{eff}})$, n_2 is a non-linear refractive index.

The closest prior art of record is U.S. Patent 6,721,481 to Terahara et al relied upon in the rejection (now withdrawn) set forth in the previous Office action, mailed 02 May 2006, paper number 20060429.

Therefore, claims 15-18 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
